AGROPARTNER

Produce around 3000 t of berries per year in its own way linking small farms and very demanding customers, transferring knowledge to farmers in order to produce safe fruit of best quality. Fruit is farmed in accordance with the Program of integrated berries production.

Agropartner's main goal is to approach each customer hand to hand to deliver the fruit of premium quality. Harvest is manual, each fruit picked by hand, selected by hand in the cold store in which the fruit is quick frozen to maintain attributes of whole, healthy and attractive fruit of nature. Agropartner is located in Dragačevo region in Serbia which may be somewhat unknown to the rest of the world but it is a proper center of the world when it comes to revealing the most perfect fruits of the nature.
